Welcome Message

It is with great pleasure that I welcome you to Robust Hoses LLC, a company that has proudly served the MENA region with exceptional hose solutions for almost three decades.

Our journey began with a vision to provide the highest quality products, built on the principles of innovation, reliability, and unwavering commitment to our customers. Over the years, we have grown and evolved, adapting to the ever-changing needs of the industries we serve. Today, we stand as a trusted leader in the field, and it is an honor to have you join us on this remarkable path.

At Robust Hoses, we understand the importance of dependable and solidly built hose solutions in various sectors, from oil and gas to manufacturing, construction, and beyond. We are dedicated to delivering products and services that meet the highest industry standards, and our team of experts continually strives to exceed your expectations.

Our more than 30 years of experience in the MENA region have taught us valuable lessons and have solidified our commitment to excellence. We are driven by innovation and powered by the trust of our valued clients, who have journeyed with us through the years.

As we move forward, our promise remains the same, to provide you with the best product solutions, unmatched customer support, and a partnership that you can always rely on. Together, we will continue to write the success story of Robust Hoses LLC, further strengthening our presence in the MENA region and beyond.

I extend my warmest welcome to you, and I look forward to the opportunities and successes that lie ahead. Thank you for choosing Robust Hoses LLC as your trusted partner.

Sincerely,

Mr. Ali Bakshandeh
CEO, Robust Hoses LLC

Ali Bakhshandeh

ABOUT US

The story of Robust Hoses LLC began in 1989, when Al Bandar General Trading was established in Dubai. In 1999, another company was founded in Sharjah under the name of Al Banar Trading LLC. In 2016, the company invested in a new facility comprising 180,000 sq. ft. of offices, warehouse, and accommodation located in Umm Al Quwain under the name of Robust Hoses LLC, further expanding their operations and capabilities.

With over 30 years of experience in the industry, Robust Hoses LLC has become a leading distributor and supplier of high-quality hoses in the Middle East and Africa region. As a company with a long history and a commitment to excellence, Robust Hoses LLC is dedicated to providing its customers with the best products and services possible.

UAQ

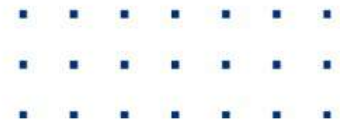

SHJ

We offer a wide range of hoses for various applications, including the oilfield, ship maintenance industry, construction, steel mills, aluminum smelter plants, chemical industry, heavy equipment, aftermarket and original equipment manufacturing, food and beverage processing, automotive industry, and water pump industry. Our hoses are designed to withstand extreme temperatures, pressure, and environmental conditions, ensuring maximum performance and reliability.

Our Team

Vision and Mission

Vision

Our vision is to establish ourselves as the primary provider of cutting-edge hoses and fittings solutions globally, with a particular focus on the MENA region. We aim to set the benchmark for quality, dependability, and customer contentment, which we shall achieve by leveraging superior technology, adhering to the strictest environmental standards, and promoting a culture of excellence. Our ultimate goal is to earn the trust of our clients, provide an outstanding work experience for our employees, and make a positive impact on the communities we serve.

Mission

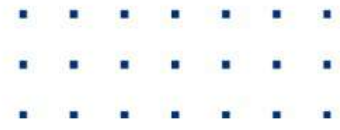

The mission of Robust Hoses LLC is to provide high-quality products at very reasonable prices, with the customer at the center of our concept and our vision. We would like to work together with our customers to enhance our continuously improving cooperation in order to help them be more successful.

We strive to meet the needs of our customers by offering a wide selection of products that are designed to withstand extreme temperatures, pressure, and environmental conditions.

In addition to providing top-quality hoses and fittings, Robust Hoses LLC aims to be a leader in the industry by continuously improving its operations and capabilities.

Product Sector

Leading Distributor

Robust Hoses LLC, with a history of over 30 years in the industry, provides a complete assortment of hydraulic and industrial hoses and fittings to suit diverse fluid transfer needs. We have established ourselves as a dependable and reputable supplier through our involvement in various applications, positioning us as a leading industry specialist.

Various Application

Our Objectives

The objective of Robust Hoses LLC is to provide high-quality products at very reasonable prices, with the customer at the center of our concept and our vision. We would like to work together with our customers to enhance our continuously improving cooperation in order to help them be more successful.

We strive to meet the needs of our customers by offering a wide selection of products that are designed to withstand extreme temperatures, pressure, and environmental conditions.

Hydraulic Hose

We are dedicated to providing an extensive range of high-caliber hydraulic hoses that cater to the demanding needs of various industries. Our hydraulic hose category is engineered to ensure the smooth transmission of hydraulic fluids, thereby guaranteeing your machinery and equipment's optimal performance.

Our collection of high-performance hoses caters to diverse applications, ensuring longevity even in severe environments. With a myriad of options to choose from, our quality assurance protocol ensures that only the finest products are delivered to our customers. Furthermore, our team of experts is available to provide guidance and support to help you make informed decisions.

Robust Hoses LLC is your dependable partner for all your hydraulic hose requirements. Our commitment to quality and exceptional customer service has earned us the reputation of being a reliable source for hydraulic hoses.

Explore our hydraulic hose category today and experience reliable solutions that ensure your operations run smoothly and efficiently.

Hydraulic Hose

ROBUST®
Hose Line

The ROBUST® hydraulic hoses are renowned for their superior durability and performance, making them the pinnacle of the market. Since their inception in 1990, they have established a reputation as a product of the highest quality. These hoses are engineered to withstand harsh conditions and heavy usage, rendering them a popular choice in numerous industries. The advanced design of the robust hoses provides maximum flexibility and ease of use, catering to the needs of professionals.

Applications:

- Construction Equipment
- Agricultural Machinery
- Material Handling
- Mining Equipment
- Forestry Equipment
- Aerial Lifts and Cranes
- Material Processing
- Automotive Braking Systems
- Hydraulic Power Units (HPUs)
- Aerospace and Aviation
- Marine and Offshore
- Railroad Equipment
- Waste Management
- Oil and Gas Industry
- Environmental Services
- Automotive Lifts
- Emergency and Rescue Equipment

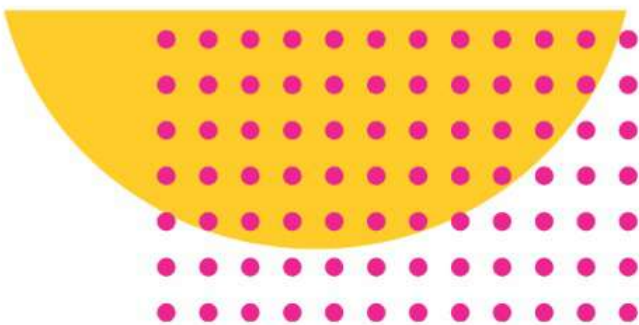

Hydraulic Hose

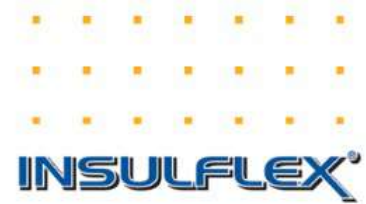

ROBUST®
Hose Line

Product Range

- ROBUST® - 1SN DIN EN 853
- ROBUST® - 2SN DIN EN 853
- ROBUST® - 4SP DIN EN 856
- ROBUST® - 4SH DIN EN 856
- ROBUST® - SAE 100 R13
- ROBUST® - Multi spiral compact hydraulic hose, 280 bar
- ROBUST® - Multi spiral compact hydraulic hose, 350 bar
- ROBUST® - Multi spiral compact hydraulic hose, 420 bar
- ROBUST® - SAE 100 R15
- ROBUST® - SAE 100 R5
- ROBUST® - SAE 100 R7

High Temperature Application

Robust Hoses LLC is an Authorized and exclusive distributor of Insulflex and are trained in the use and application of Insulflex high temperature protection products. We can provide on-site analysis of technical challenges and recommend solutions to keep your production running smoothly. We have access to factory support and will work with our sales and engineering teams to help you find the best solution.

We maintain an inventory of Insulflex products. In addition, we can utilize our Quick Ship Program, which enables us to access factory inventory and receive delivery in 24-96 hours, at very competitive rates. Robust Hoses LLC can continue to deliver the highest quality products to their customers in the Middle East and Africa

Industrial Hose

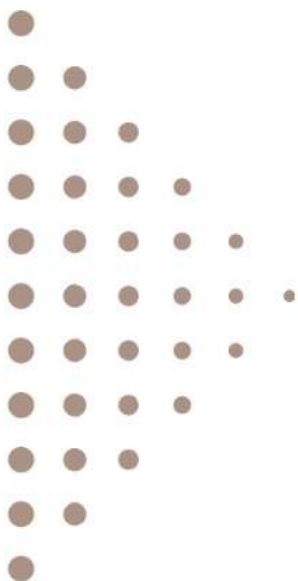

ROBUST®
Hose Line

We offer a comprehensive collection of industrial hoses tailored to meet the unique needs of diverse industries. Our industrial hoses provide dependable solutions for fluid transfer, material handling, and other crucial applications within industrial environments.

Our industrial hoses are characterized by their versatility, reliability, and durability. We offer a wide range of hose options to suit various industrial applications. Our products undergo rigorous quality assurance processes to ensure their dependability.

At Robust Hoses LLC, we pride ourselves on being a reliable partner for all your industrial hose needs. Our wide range of products, coupled with our unwavering commitment to quality and exceptional customer service, positions us as your go-to source for industrial hoses. We strive to enhance your industrial processes by improving productivity, efficiency, and safety. Our team of experts is available to provide guidance and support to ensure that your needs are met.

Industrial Hose

ROBUST®
Hose Line

Oil Hose

Key Features:

- Oil Resistance:
- Reinforced Construction:
- Versatility
- Optimal Flow
- Temperature Resistant
- Anti-Static Properties
- Easy Handling

Applications:

- Transfer of Crude Oil
- Petroleum Refining Processes
- Oil and Gas Exploration
- Fuel Transfer
- Tank Truck Operations
- Oil Tanker Loading and Unloading

Oil Hose Selection

- Oil hose delivery hose wrapped cover
- Oil hose delivery hose smooth cover
- Oil suction hose, 10 bar
- Oil suction hose, 20 bar
- Oil suction hose, 40 bar

Industrial Hose

ROBUST®
Hose Line

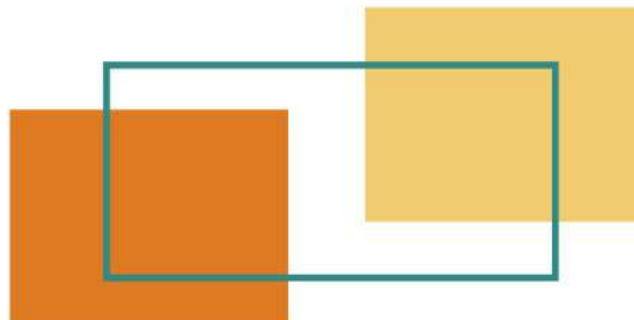

Fuel Hose

- Petrol tank Hose
- Aircraft Refueling Hose
- Multipurpose Hose
- Tar Spraying Hose
- Fuel Hose
- Cooling Hose
- Hot Water Hose

Common applications

- Automotive Industry
- Marine and Boating
- Agriculture
- Construction
- Aviation
- Industrial and Manufacturing
- Heating Systems
- Oil and Gas Industry
- Emergency Generators
- Recreational Vehicles

Industrial Hose

ROBUST®
Hose Line

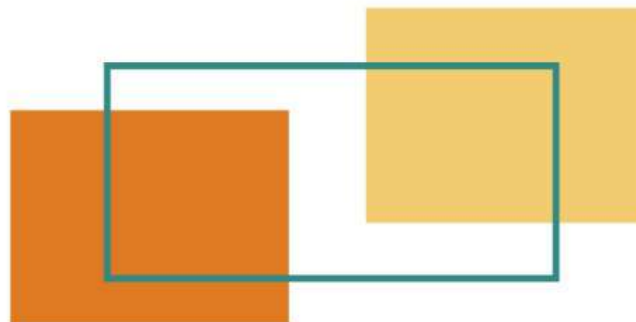

Abrasion Hose

- Sandblast hose
- Concrete pump hose
- Cement hose
- Plaster hose
- Dredging hose

Common applications

- Mining and Quarrying
- Construction and Demolition
- Dredging
- Agriculture
- Wood Processing
- Cement and Concrete Industry
- Shot Blasting and Sandblasting
- Waste and Recycling
- Forestry
- Manufacturing and Foundries

Industrial Hose

ROBUST®
Hose Line

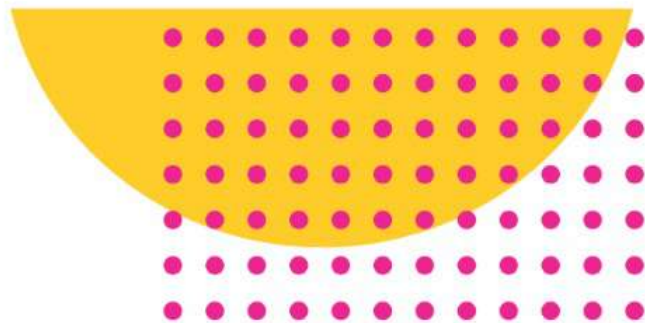

Food Quality Hose

- Food Quality Hose
- Food Suction Hose

Common applications

- Food Processing
- Beverage Production
- Dairy Industry
- Bakery and Confectionery
- Brewing
- Meat and Poultry Processing
- Pharmaceutical and Biotechnology
- Winemaking
- Food Packaging
- Hospitality and Catering
- Food Transportation

Industrial Hose

ROBUST®
Hose Line

Air Hose

Product Range:

- Air brake hose
- Air hose, 15 bar
- Air hose, 20 bar
- Heavy-duty air hose

Common applications

- Pneumatic Tools
- Industrial Manufacturing
- Automotive Industry
- Construction
- Mining
- Agriculture
- Aerospace and Aviation
- Marine Industry
- Food and Beverage Industry
- Medical and Healthcare
- Laboratories
- Dust Collection Systems
- HVAC Systems
- Painting and Spraying
- General Maintenance and Cleaning

Industrial Hose

ROBUST®
Hose Line

Water Hose

Product Range:

- Sewer cleaning hose
- Water suction hose, 10 bar
- Water suction hose, 20 bar
- Steam hose
- Radiator hose
- Water hose
- Cooling Hose
- Hot Water Hose

Common applications

- Gardening
- Agriculture
- Construction and Concrete Work
- Firefighting
- Mining
- Pressure Washing
- Industrial Applications
- Marine and Boating
- RV and Camping
- Food and Beverage Industry
- Pool Maintenance
- Hydroponics and Greenhouses
- Emergency Response
- Waste and Effluent Handling

Industrial Hose

ROBUST®
Hose Line

Welding Hose

Product Range:

- Acetylene Welding Hose
- Oxygen Welding Hoses
- Twin-Line Welding Hoses
- Propane Welding Hose
- Argon Welding Hoses
- CO2 Welding Hoses

Common applications

- Welding and Cutting Operations
- Metal Fabrication
- Automotive Repair and Fabrication
- Construction and Structural Welding
- Shipbuilding and Marine Repair
- Pipe Welding
- Aerospace and Aircraft Maintenance
- Metalworking and Blacksmithing
- Artistic Welding and Sculpture
- HVAC and Refrigeration
- Gas Cylinder Filling
- Metal Stamping and Stencil Cutting

Industrial Hose

ROBUST[®]
Hose Line

Firefighting Hose

Product Range:

- Attack Hoses
- Supply Hoses.
- Forestry Hoses
- Booster Hoses
- Suction Hoses

Common applications

- Structural Firefighting
- Wildfire Suppression
- Industrial and Commercial Fire Protection
- Airport Firefighting
- Marine Firefighting
- Hazardous Materials (Hazmat) Incidents
- Vehicle Fire Suppression
- Structural Protection in Wildfires
- Emergency Response and Disaster Relief
- Training and Drills

Industrial Hose

ROBUST[®]
Hose Line

Chemical Hose

Product Range:

- Chemical Suction and Discharge Hoses
- Petrochemical Hoses

Common applications

- Chemical Manufacturing
- Petrochemical Industry
- Oil and Gas Exploration
- Agricultural Chemicals
- Food and Beverage Processing
- Pharmaceutical Manufacturing
- Water Treatment
- Waste and Sewage Handling
- Chemical Storage and Distribution
- Mining.
- Laboratory and Research
- Transportation of Hazardous Materials
- Chemical Cleaning
- Corrosive Materials Handling

Industrial Hose

ROBUST®
Hose Line

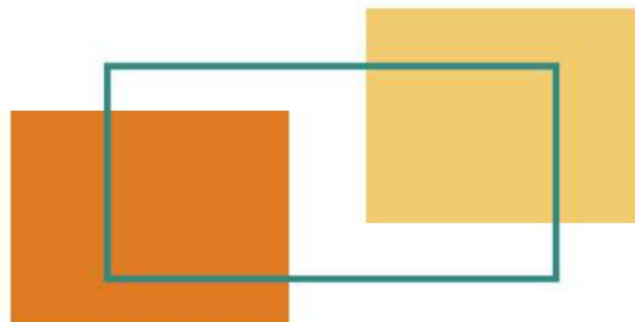

Aircraft Hose

Product Range:

- Chemical Suction and Discharge Hoses
- Petrochemical Hoses

Common applications

- Fuel Transfer
- Hydraulic Systems
- Pneumatic Systems
- Cooling Systems
- De-icing and Anti-icing
- Fuel Venting and Scavenging
- Oxygen and Breathing Systems
- Instrumentation and Sensing
- Air Conditioning and Environmental Control
- Fire Suppression Systems
- Cargo and Refueling Operations
- Aircraft Maintenance and Repair

Industrial Hose

ROBUST®
Hose Line

Composite Hose

ROBUST® Compotec®

Product Range:

- Composite Hose Selection:
- Oil composite hose
- High temperature hose
- Biotec hose
- Draintec hose
- PTFE hose
- Abratec hose
- Cryotec hose
- Food hose
- Fuel composite hose
- Chemical composite hose
- LPG composite hose
- LNG composite hose
- Marine (loading & unloading)

Common Applications

- Chemical Transport
- Petrochemical Industry
- Oil and Gas Industry
- Bulk Liquid Transportation
- Marine and Offshore
- Tank Truck Loading and Unloading
- Industrial Processing
- Aviation Fueling
- Food and Beverage Industry
- Tanker Cleaning
- Environmental Protection
- Pharmaceutical Manufacturing
- Agriculture
- Chemical Storage and Distribution
- Mining and Dredging

Industrial Hose

ROBUST®
Hose Line

Thermoplastic Hose

Product Range:

- PSH1
- PSH 2
- PSH - K
- SAE 100 SAE
- SAE 100 R7
- SAE 100 R7 twin version

Common applications

- High-Pressure Water Jetting
- Hydraulic Systems
- Pneumatic Systems
- Lubrication Systems
- Chemical Transfer
- Paint Spraying and Coating
- Gas Handling
- Agricultural Equipment
- Marine and Offshore Applications
- Aircraft Ground Support
- Food and Beverage Industry
- Waste Management
- Instrumentation and Control Systems
- Hydrostatic Testing
- Firefighting Equipment

Industrial Hose

ROBUST[®]
Hose Line

PTFE Hose

Product Range:

- Smooth bore PTFE Hose
- Convoluted PTFE Hose

Applications

- Smooth bore PTFE hoses are used in applications requiring the transfer of highly corrosive chemicals, pharmaceuticals, and food products.
- Convoluted PTFE hoses are flexible and provide increased flexibility for applications where flexibility is important, such as in the chemical, pharmaceutical, and food processing industries.

Industrial Hose

Non Toxic Steel Spiral PVC Hose

ROBUST®
Hose Line

The non-toxic spiral PVC hose by Robust Hoses LLC is a versatile and durable solution for a wide range of applications. Crafted with utmost precision and safety in mind, this hose is engineered to be free from harmful toxins, making it suitable for conveying potable water and food-grade materials. Its spiral design enhances flexibility, ensuring it can navigate tight spaces and curves without kinking or compromising flow. Whether used in industrial, commercial, or residential settings, this hose can withstand the harshest conditions while maintaining its integrity.

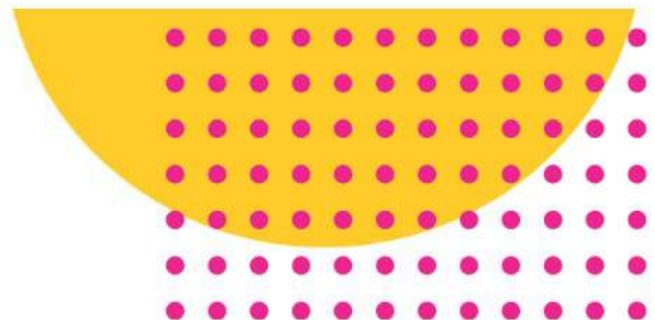

Application in a diverse range of industries and scenarios:

- Potable Water Transport
- Food and Beverage Industry
- Chemical Handling
- Ventilation and Exhaust
- Aquariums and Aquaculture
- Agricultural Irrigation
- Fluid Transfer in Various Industries

Product Range:

- PVC
- SPVC

2 PC FITTINGS (Fitting + Ferrules)

At Robust Hoses LLC, we value efficiency and safety, offering fittings and ferrules that guarantee optimal performance, giving you peace of mind in your operations. With over 30 years of industry expertise, we are proud to provide exceptional products that meet and exceed your expectations.

Our fittings and ferrules offer the following benefits:

- Easy installation
- Wide-ranging applications
- Manufactured using the highest quality materials
- Compatibility with top-quality hoses
- Ability to endure the toughest conditions
- Secure and reliable connections

GLOBAL FITTINGS (ferrule crimped on the fittings)

Your one-stop destination for premium 1 PC fittings and ferrules.

In comparison to two piece fittings, one piece fittings can be installed by the person with limited knowledge and experience of crimping, therefore translating into lower labor charges since long experience is not required.

Available in the following categories:

- Carbon Steel
- Stainless Steel:
- Brass

Quick Release Couplings

Efficient and Reliable Hydraulic Quick Release Couplings from Robust Hoses LLC

- Wide Range of Options
- Effortless Connections for Increased Productivity
- Superior Quality for Optimal Performance
- Expert Guidance and Support

Product Range:

- Hydraulic quick coupling group
- Flat face coupling group
- High pressure and ultra high pressure hydraulic quick coupling groups
- Screw type hydraulic quick coupling group
- Pneumatic product group
- Manometer test group
- Hydraulic swivel joints group
- Hydraulic check valve group
- Hydraulic valve group
- ISO 7241-1
- High pressure screw type couplings
- Hydraulic ball valves group
- Special ball valve group
- Mining ball valves group

HYDRAULLIC Fittings

NPT/BSPP/BSPT/ JIC/ORFS

Our inventory boasts an extensive array of fittings. Name your requirements, and we will have them available.

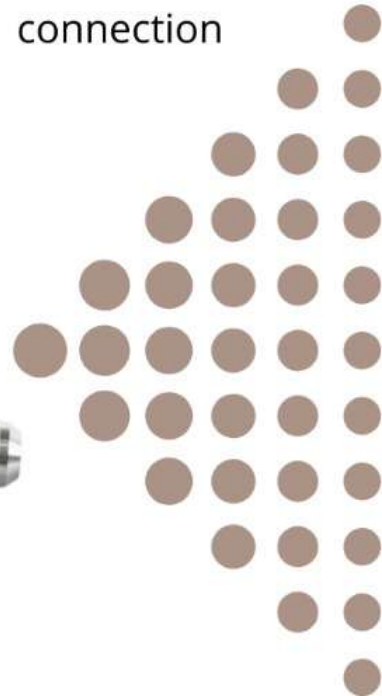

Adapters

At Robust Hoses LLC, we offer an extensive collection of top-notch adapters designed to provide dependable and versatile hydraulic connections. Our adapters are engineered to connect hoses with varying sizes, types, and end fittings, ensuring maximum compatibility.

Our adapter category boasts a broad spectrum of options to suit your specific needs, with each product designed to deliver durability and reliability.

Additionally, we provide expert guidance and support to ensure that you receive the necessary advice to make informed decisions. Partner with us for a seamless hydraulic system connection experience.

Machines

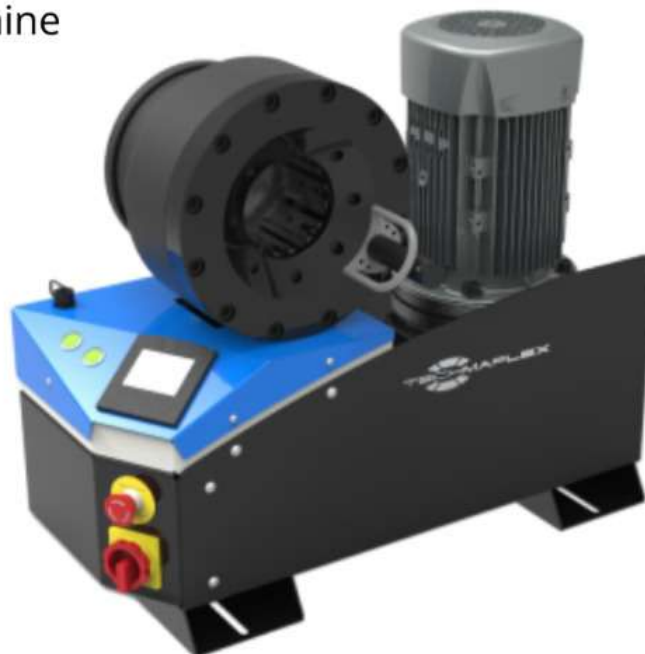

As the exclusive distributor of Techmaflex machines, we are proud to offer the latest in hose assembly technology. These machines are engineered with advanced features and precision, delivering efficient and accurate crimping, cutting, and skiving operations. Their innovative design ensures optimal hose assembly performance, placing them at the forefront of the industry.

Our offerings include a comprehensive selection of machines that cater to your unique requirements. Our tools enhance productivity, precision, and consistency, ensuring optimal performance. We prioritize quality and reliability in our products, and our team of experts provides guidance and support every step of the way.

Product Range

- Crimping Machine
- Cutting Machine
- Insert Pushing Machine
- Marking Machine
- Skiving Machine
- Test Benches

Accessories Clamp

- **Endless worm-drive band and housing**

- **Supra CT constant tension Heavy duty Hose Clamp Stainless steel**

Product Range

Low Pressure Clamps
Medium Pressure Clamps
High Pressure Clamps
